Defossilisation through Innovation – Your company should be present Renewable Materials Conference in 2026

Dear Business Partners,

The Renewable Materials Conference (RMC), organised by nova-Institute, has firmly established itself as a leading event in the international conference landscape. With a unique focus on innovative bio-based, CO₂-based, and recycled alternatives to fossil-based chemicals and materials, the 2026 edition of RMC will welcome again 400-500 participants at the 2026 edition from 22 to 24 September.

RMC 2026 aims to address key industry and policy issues: How can the chemical industry be defossilised and remain competitive? How can the demand for fossil-free plastics be met? What role will biodegradation play in the circular economy?

We are excited to invite you to sponsor the 2026 RMC conference at the Rhein-Sieg-Forum in Siegburg. You are also welcome to exhibit exclusively or run your own workshop at the conference. Your company will benefit from direct access to a highly focused audience of industry leaders, innovators and decision-makers, including representatives from several international brands and policymakers.

The venue is conveniently located with excellent transport links to major airports such as Frankfurt, Düsseldorf and Amsterdam, as well as a direct train connection to Brussels. The venue offers modern facilities, including parking nearby and a 10-minute walk to the high-speed train station.

Sponsoring, exhibiting or running your own workshop will position your company at the forefront of the transition to a renewable chemicals and materials industry, actively supporting innovation and shaping the future. Demonstrate your leadership in tackling major global challenges such as, such as climate change and resource dependency.

Join us in driving the future forward!

Michael Carus, Founder and Senior Expert

Please check the appropriate boxes and send the document to the nova sponsoring team if one or more alternatives appeal to you. All prices are excl. 19% VAT. Subject to change without notice.

* You are also welcome to book an additional advertisement in the conference journal (Page 5).

** The sponsoring net price is providing an excellent cost benefit ratio.

The total costs are set off by the services listed in the table e.g. free entrance tickets, exhibition booth and page(s) in the conference journal, resulting in much lower "net sponsoring costs".

Exhibition Information

Exhibition Opportunities at the Renewable Materials Conference

Companies interested in booking an exhibition booth (6 m^2) can do so for 3,820 EUR (excl. 19% VAT). The exhibition area is strategically located within the main conference hall, ensuring maximum visibility and interaction with participants throughout the event. For sponsors, the exhibition booth is already included as part of their sponsorship package, offering even greater value and exposure. Don't miss this opportunity to showcase your innovations at the heart of the conference!

Reduced-Price Exhibition Opportunity

For companies looking for a more budget-friendly option, exhibition booths (4 m^2) are available on the first floor (E1) in the "Start-Up & More Area" for 2,820 EUR (excl. 19% VAT). While this area may have slightly less foot traffic than the main conference hall, it still offers valuable exposure and interaction with participants. This option is ideal for those seeking a more affordable way to showcase their innovations while still being part of this prestigious event.

Your stand booking (E0) consists of:

- One Table ($1,40 \text{ m} \times 0,70 \text{ m}$), tablecloths and two chairs
- Optional Pinboard ($1,20 \text{ m width} \times 2 \text{ m height}$)
- Power socket (240 V).

You are also welcome to make use of your own booth system.

Workshops

Participants of the conference are eligible to book extra rooms in order to hold workshops or special business meetings. Rooms can be booked for 1.5 hours, the rate is 1,645 EUR (excl. 19% VAT). Included in the workshop fee is one three-day-conference ticket. Workshops will be promoted by nova-Institute in advance to the event. Room availability by the hour is based on a first come first serve basis. If you are interested in a workshop room or to find out more about the booking options, please contact michael.carus@nova-institut.de.
